

DECORATIVE ARTIFICIAL HEDGE

GREEN

Decorative artificial hedge rolls in green (bicolor) made with high-quality polyethylene strips firmly adhered to interlocking galvanized rods. The high concealment of our hedge easily protects the intimacy of the home, creating an intimate atmosphere in gardens and terraces.

The rolls are 3 meters long, with heights of 1; 1.5 and 2 meters.

The artificial hedge is a product that looks very similar to the natural hedge, it has a pleasant texture and 2 different shades of green.

It has practically no maintenance, it can be washed with a water hose to remove the dust accumulated over the years. It is a non-flammable product (class E fire resistance). Its design allows the passage of air.

Dense hedge with 30 rods for each linear meter.

Ideal for terraces, gardens, swimming pools, cafes, parks, hotels, restaurants, nightclubs, ...

Detail.
