

Ref. PECBDNHN

A-Eco semi-flexible bollards Badalona made of plastic that gives them limited flexibility.

In the event of an impact, if its maximum degrees of flexibility do not expire, the bollard returns to its original position without any deformation. If these degrees are overcome, the bollard returns to its position with possible deformation in its appearance, they do not break like conventional plastic, iron or cast iron, thus making them a very economical and durable solution.

A-ECO BADALONA MODELS:

Black..... Ref. PECBDNHN

Its low cost makes it the ideal solution for new installations and replacement of existing broken iron bollards. As they have the same appearance as the A-Flex bollards, they can be combined with each other, thus reducing the cost of installation.

Its economic price allows installing this option instead of iron or cast iron.

Limited flexibility.

MEASURES:

Diameter: \varnothing 100 mm.
View height: 865 mm.
Total height: 1060 mm.

SEMIFLEXIBLE BOLLARDS

MODELO PATENTADO
PATENTED MODEL

A-ECO BADALONA
